LOUISVILLE, KY.,
TUESDAY MORNING—APRIL 16, 1861.

For State Treasurer.

We are authorized to announce JAMES R.
BARKER, of Barren county for State
Treasurer.

The Dispatches.

The dispatches this morning are very
exciting. Jeff. Davis makes a graft
and sanguinary reply to Lincoln's proclamation.
George Sanders, the irrepressible, has been
telegraphing more Napoleonic bulletins.
The North seems thoroughly aroused.
The regulation and appomiment of troops
from the different States is given. Further
interesting accounts of the bombardment of
Charleston are exciting. Millard Fillmore is
to preside over the Buffalo-night.

Troops are arrival to the Guard, from
the immovable Northern cities and towns.
Gov. Yates has convened the Illinois Legis-
lature. Gov. Morgan has transmitted a war
message to the New York Legislature.

"The Evening News."

This edition from our office met with a
warm demand and ready sale yesterday
afternoon. It contained all the regular
dispatches to the Associated Press at this
point up to the time of going to press.

Through the energy of our news-
boys, The Envoy News was soon distributed
throughout the city. The general
demand kept up a brisk competition among
them for one hour and a half, and it was
with difficulty we could keep them supplied.

Persons residing (no matter where) in
the city, can be supplied with faithful
current news every evening by our
newspaper. Orders left with us or at the
Louisville Democrat office will meet with
prompt attention.

"Beware of precipitation!" Events
change too fast these days. Railroads are
indistinct. It is unsafe to travel by
haste; note is easy to get lost. There is no
danger of coercion now. The Southern
Confederacy has entirely shied ability to
rule all that Lincoln can do. This even-
tually thousand Lincoln has called for may
be forthcoming and they may not. There
is no danger of them subjugating the South,
and no need of an army over the call of
Lincoln. We have an interest in peace,
not war.

This morning is a means employed to pre-
cipitate the Border Slave into the Southern
Confederacy. Shall we allow it?

There is no danger in Louisville, and it is not
worth while to get excited. We sent troops
to Charleston, but did no damage. Let
those who began the fight take care of them-
selves, which they seem abundantly able
to do, until there is a necessity for other
events.

SUPPOSED MURDER.—The train, Sunday
night bound north, on the Louisville, New
Albany, and Chicago railroad, ran over an
Irishman a few rods north of Salem
station. From some circumstantial evidence
connected with the case, it is thought the
man was murdered and put upon the track
to conceal the crime. The immediate
locality is a very bad one. An instant
was held yesterday. No blame is attached to
the railroad company or its employees.

THE HARRISON COUNTY, IND., CIRCUIT
Court has been in session since last Monday.
Hoagland, charged with committing a rape
on a girl, had his trial, and the jury returned
a verdict of guilty with imprisonment in the
State prison for five years. Aule counsel
were employed on both sides, and the case
was conducted with a good deal of interest.
The attorneys for Hoagland were Judge
Guthrie, of New Albany, and Nease Keene
and Tracewell, of Harrison county. The
counsel for the State were Hon. C. L.
Dunham and the Prosecuting Attorney.

We understand that Philip Lee, Esq.,
of Bullitt county, in this State, has raised
a small force of about forty men, whose
services he intends offering to the Southern
Confederacy. We understand Mr. Lee has
raised this company in a quite secret
manner, so as to be sure they were not wanted
and would not be molested.

Mr. Lee, we understand, will probably
proceed to where he did when serving
as a Bell & Everett elector. These facts
were gleamed from a letter from Mr. Lee
in the presence of our informant.

SCOTTED MURDER.—Yesteray afternoon
Dr. Humphrey, botanic physician on Third
street, had a narrow escape. Two little
girls went into his office, and showed him a
couple of vials, claiming that they had found
them, and asked him what their contents
were. He took one, smelt it, and did not
discover what it was, tasted. In a moment
he recollects that it was belladonna. He staggered
to seat, and experienced pain. His pulse
was extremely weak, and his heart failed.
He was sent to St. Louis, and recovered.

Irishman a few rods north of Salem
station. From some circumstantial evidence
connected with the case, it is thought the
man was murdered and put upon the track
to conceal the crime. The immediate
locality is a very bad one. An instant
was held yesterday. No blame is attached to
the railroad company or its employees.

—“The best digestives well on appetite,” is a common saying appropriate to those than those that have lost it, the one nor the other. How many expedients are in vogue now-a-days to raise an appetite, and its stimulus? “various” in form, but alike dangerous and hurtful, throw the system into the other extreme, and the “best state” of that man is worse than the first; not, however, is it with WRIGHT'S REJUVENATING ELIXIR, which is a powerful tonic and restorative, and after recuperating the tone of the stomach, leave it in a healthy and vigorous condition.

Sold by all respectable druggists throughout the United States and Canada. J. WRIGHT & CO., sole proprietors, New Orleans, Louisiana. See advertisement. *Artis apicis.*

FURNITURE AT COST FOR CASH.—J. M. Smith & Co. are selling off their entire stock of furniture at cost, being desirous of making a change in business. They offer inducements, at a great sacrifice, to housekeepers to replenish their houses. Call and look for yourselves, before buying elsewhere, at No. 206 Market street, between Second and Third. *dim*

HOMELAND, Ky., Aug. 28, '56.

DR. SCHLESINGER.—For the past several months I have been laboring under great weakness and debility, much of the time, confined to my bed, from which I received no benefit from any physician.

After using some of your blood-pills and blood purifier, purchased of your agent, Mr. Wm. H. Pittman, I feel as a new person, almost entirely free from disease, and would recommend your medicine to all who are in need of so invaluable remedy.

Yours truly, MARY T. HOFFMAN.

PRACTICAL ADVICE TO LADIES.—The first symptoms of disease should never be disregarded. If not removed serious evils will inevitably follow. In seeking assistance all remedies that will not weaken or reduce the strength should be avoided. They, namely, are the organs, weak and debilitate McLean's Strengthening Cordial and Blood Purifier. It stands pre-eminent in all disease peculiar to females. Try it: it is a delicious aromatic Cordial, *ay! down!*

A F. A. WHEATON.—A while there is great faintness the stock of dry lumber, sash, doors, blinds, &c., will fail, short to the vast amount of improvements in Louisville, it will be interesting to the public to know that Alexander Ellis & Co., have enlarged their factory and have on hand several million of dry lumber. Call at their office on Main street, nearly opposite the Gall House, or at their factory on Fulton, above Preston street.

J. N. COLLINS sells the best of coal at his office, Third street, between Market and Sixth.
